

*“Go ye.”*

## The Next Level

Our commission as a church is broader than a simple *“Go Ye.”*

The intent of God in His commands to us includes another level. Acts 1:8 *“And you shall be witnesses to Me... to the ends of the earth,”* along with II Timothy

2:2 *“Commit these to faithful men who will be able to teach others also”* definitely press us to another phase of the message going out.

New Tribes missionaries are taught to promote the spreading

of the gospel as part of our message to tribal people. This has been and continues to be carried out in many, many tribal groups around the world.

**These are exciting days!**

*“An Unspoken Message that Spoke Volumes,”* Rosie Cochran\* reviews the story of the Wana tribal people going as missionaries to other villages. You can watch the video clip at <https://vimeo.com/95521891>.

## On the Road Again

Opportunities for us to challenge and inform God's people concerning the work and ministry of NTM have come from various places this spring.

Combined with our family trips, we have been out of town about every three weeks since January. Small group and individual meetings have varied in scope.

One highlight trip included the joy of participating in the missions weekend emphasis at Independent Bible Church in Martinsburg, WV. That blessed fellowship has been a part of

our support team since 1972. It was fun for Crystal to get acquainted with the folks there.

We are praising the Lord for the warm receptions we have experienced in our meetings with leaders of churches that support the work of NTM.

Please pray for our travels this summer. We have 3 long trips planned that include Missouri, Colorado and California. Please hold us up in prayer for our safety and the funding for these journeys.

### Family Matters

God has been so gracious to our family these days. The vast changes that we all have been through in the last 3 years have caused us to lean on Him and practice the grace to each other that God has shown to us. Crystal continues to be very appreciative and humbled by the way David's family have taken her in as an endeared member. Crystal's family, in turn, has embraced David as if he has always been a part. Thanks to your prayers, the love of God continues to be shown through these developing relationships.

If you haven't already been there, our family photo blog announces that grandchild #27 is on the way.

David and Amy Wedel are expecting another son in the fall.

*Thanks so much for your continued interest in our lives and ministry. A special note of appreciation is due to those who have partnered with us financially. Your part is VITAL to what God is doing through our ministry for the sake of reaching the tribes with the gospel of Christ.*

### Personal Ministries

David's book, *I Didn't Know What To Say*, is in the final stages of editing. It has been a long time in the writing phase, but the excitement is building to get it out. Those who have read the manuscript have said that the message is powerful and very helpful. We want to express a big THANKS to \*Rosie Cochran (referred to earlier) for assisting in the editing chore of this project. If you have not signed up to get emails, you can still do so at:

Crystal's quarterly magazine, *Reach UP*, continues to be a strategic tool aiding marginalized women in society. Reports of how it has helped trickle in verifying the depth of need. We are always looking for connections with organizations working with the target group so it can do the most good. Let us know of any leads you may have...
